

## Xhosa

- ✓ 1 of the 11 African official languages of South Africa - spoken by over 20 million people.
- ✓ Learning isiXhosa also forms the basis of understanding other Nguni languages (isiZulu /siSwati /siNdebele).
- ✓ It also helps in strengthening relationships of the diverse cultures, building up a global family.
- ✓ High demand in the job industry especially for those who want to settle in S.A. (various fields of study – Media /Pharmacy/ Medicine/ Law).
- ✓ It's a popular language internationally and locally.
- ✓ Learning Xhosa is truly an African experience (you learn about African culture).
- ✓ Remember those who choose Xhosa doesn't have to do Afrikaans.
- ✓ Learners will also be assessed through their written and oral work.
