

Access to German universities, colleges, academies and other tertiary institutions with South African National Senior Certificate (NSC)

A Direct access to all tertiary institutions (in all subjects):

The report must account for 7 general education subjects, passed with the minimum mark of 50 %. Among the subjects must be Maths, 2 languages, Life Orientation, 1 natural science and 2 other subjects that are independent from each other

Not all A requirements have been met, but the report shows Maths:

B Assessment test/Studienkolleg (in all major subjects) for all tertiary institutions

Direct access (subject-orientated) for the present and collateral subjects upon verification of 1 successful academic year, at the Studienkolleg, to all tertiary institutions.

Not all A requirements have been met, and the report shows no Maths:

C Assessment test/Studienkolleg for all tertiary institutions in all major subjects apart from those pertaining to agricultural science, medicine, science, technology and economics:

Direct access (subject-orientated) for the present and collateral subjects upon verification of 1 successful academic year, at the Studienkolleg, to all tertiary institutions.
